	JORDAN LAKE MANAGEMENT PLAN PT 2		
		Page 20	
<u>ITEM</u>	GOALS and ACTION ITEMS	<u>WHO</u>	<u>WHEN</u>
EDUCATION	Goal A: Educate community and public about lake management concerns.		
	1.Establish community events to encourage & educate the community about	Jordan Lake District	ongoing
	lake conservation practices.	Adams LWCD	
	Publish educational information on Lake District Website and periodic mailings to district members.	Jordan Lake District	ongoing
	Update and/or place informational signs at all public access sites about actions citizens can take to improve/maintain water quality.	Jordan Lake District	completed 2008
	Maintain educational exotic species signs at boat landing.	Adams LWCD, WDNR Jordan Lake District	ongoing
	Implement education of lake users, lakefront owners & watershed community on identification & control of exotic species by publication & website information.	Adams LWCD, WDNR Jordan Lake District	ongoing
	Develop & distribute an informational packet regarding lake issues, water quality, and best management practices to watershed citizens and businesses.	Adams LWCD Jordan Lake District	2016
	7. Request that lakefront property owners not to use fertilizers or chemicals within	Jordan Lake District	ongoing
	200 feet of the water.	OGIGAN LAKE DISTRICT	Origonig
	Contact other organizations to get information about similar lakes, then contact those lakes to gain information about how they handle water quality issues.	Jordan Lake District	ongoing
	9. Publish information on hand-harvesting of aquatic plants of not more the 30 foot wide corridor (for each 100' of shoreline) for access & viewing on lakefront	Jordan Lake District WDNR	completed
	properties to encourage landowners to limit clearing nearshore water areas.		
	10. Request that lake users catch & release fish, especially predator fish.	Jordan Lake District local citizens	ongoing

		Page 21	
<u>ITEM</u>	GOALS and ACTION ITEMS	<u>WHO</u>	WHEN
EDUCATION			
	11. Improve sign outlining lake movement pattern & times for lake users.	Jordan Lake District	installed 2014
	12. Conduct a lake community assessment to understand what lakeshore property	Adams LWCD, WDNR	completed
	owners value as they use and manage their lakeshore property.	Jordan Lake District	2008
	13. Educate community about sensitive area using techniques by developing an	Jordan Lake District	2016
	informational fact sheet.	Adams LWCD, WDNR	
			2010
	14. Monitor lake level via sand point well every 2 weeks and report results to	Jordan Lake District	2016
	Adams County LWCD and enter into SWIMS database.

WATER QUALITY	GOAL A: Maintain & improve present water quality and prevent algal blooms.		
	CONETTE Manual a improvo procent mater quanty and provent algar blocker		
	Cooperate with other lake districts and associations in the Town of Jackson &	Jordan Lake District	completed
	other to develop an ordinance prohibiting the sale, provision or use of phosphorus-	Adams LWCD	via state law
	based lawn fertilizers and encourge the adoption of this policy.		2010
	2. Establish and identify lake water quality goals with measurable targets for	Jordan Lake District	2016
	determining progress in protecting the lake.	Adams LWCD	
	3. Recruit volunteers for ongoing monitoring of lake water quality with participation	Adams LWCD, WDNR	ongoing
	in the DNR Self-Help Monitoring Program, with monitoring results being compared	Jordan Lake District	
	to 2004-2006 water quality data collected by Adams County LWCD.		
	4. Increase non-chemical testing of water quality by 10% over previous year times.	Jordan Lake District	2016
	Charles on undeted heath, meeting (death) we are the control of th	Adama I MOD MOND	ا - د - د ا سوسو
	5. Obtain an updated bathymetric (depth) map showing the water depths and the	Adams LWCD, WDNR	completed
	low & high fluctuations.	Jordan Lake District	2008
	Work with Adams County LWCD & Planning & Zoning to protect designated	Adams LWCD, WDNR	completed
	critical habitat areas. Planning & Zoning were provided with copies of the	Jordan Lake District	2009
	critical habitat report in January 2007.	Adams County P & Z	2003
	ontical nabitat report in danuary 2007.	Additis County i & Z	

	Water Quality Cont'd	Page 22	
ITEM	GOALS and ACTION ITEMS	WHO	WHEN

	7. Protect undeveloped property, sensitive areas and critical habitat areas by	Adams LWCD, WDNR	ongoing
	investigating purchase of permanent conservation easement.	Jordan Lake District	- 3- 3
	Set up study protocol and parameters to investigate impact of septic systems	Adams LWCD, WDNR	2016
	and spring locations on lake water quality.	Jordan Lake District	
WATER QUALITY	Goal B: Restore natural shore conditions in riparian areas & incorporate		
	stormwater runoff protection.		
	Contact landowners about design & installation of best management practices	Adams LWCD	2016
	for voluntary shore restoration & stormwater runoff.		
	For those choosing to participate, obtain funding to assist in installation of shore	Adams LWCD	
	restoration & runoff management practices.	Additis EWOD	2016

AQUATIC	Goal A: Revise aquatic plant management plan to improve water quality & safety.		
SPECIES			
MANAGEMENT	1. Continue to chemically spot-treat for EWM in Jordan Lake after evaluating need at	Jordan Lake District	ongoing
	end of prior year. Acreage needed for treatment has been declining in the last few years		
	Reduce treatable acres in 3 years to no more than 6 acres per year.	Adams LWCD	
	Other options for controlling EWM not appropriate for Jordan Lake: (a) winter drawdo	wn	
	not possible since Jordan Lake is a natural lake; (b) mechanical harvesting at this time	***	
	not appropriate due to patchy nature of current EWM distribution & considering		
	disturbance of in-water habitat that can be caused by mechanical harvesting.		
	Educate & encourage lake users to hand-pull invasive plants by having on-site	Jordan Lake District	ongoing
	training to assist in identification, developing fact sheet about timing & methods, and	WDNR	origoning
	posting information on website & around the lake.	Adams LWCD	
	4, Determine the cost in money & time required to implement propagration of milfoil	Jordan Lake District	closed
	weevils as possible additional control for EWM population.	Golden Sands, WDNR	
	Continue to install and monitor WNDR zebra mussel samplers in two lake	Jordan Lake District	ongoing

	locations.		
	Consider the option of professional hand-pulling of EWM when appropriate.	Jordan Lake District	ongoing
<u>ITEM</u>	GOALS and ACTION ITEMS	WHO	<u>WHEN</u>
		Page 23	
AQUATIC	Goal B: Control current invasive species (Eurasian Watermilfoil and Curly-	3.9	
SPECIES	leaf Pondweed) and prevent infection by other exotic aquatics.		
MANAGEMENT			
	Control current invasives species & prevent infection by others.	Jordan Lake District	
		Adams LWCD, WDNR	ongoing
	Continue to evaluate ongoing plan for invasive species control & prevention.	Jordan Lake District	ongoing
		Adams LWCD, WDNR	
	Update nventory lake for population for native weevils that attack EWM.	Adams LWCD	2016
	4. Recruit, train & schedule group of volunteers to monitor lake for invasive species.	Jordan Lake District Adams LWCD, WDNR	ongoing
AQUATIC	Conduct a trial process of hand-harvesting and compare to results of chemical	Jordan Lake District	2015
SPECIES	spot treatment for management of Eurasian watermilfoil.		completed
MANAGEMENT			
	6. Recruit, train & schedule group of volunteers to participate in WDNR's Clean Boats,	Jordan Lake District	ongoing
	Waters program.	Adams LWCD, WDNR	
	7. Conduct periodic aquatic plant survey every 5 years.	Jordan Lake District	ongoing
		Adams LWCD, WDNR	
	8. Work with Adams County Parks & WDNR to improve boat ramp and prevent	Jordan Lake District	ongoing
	infection through boat ramp traffic.	WDNR, Adams Parks	<u> </u>
	Should instance of EWM increase, mechanical harvesting will be explored further as	Jordan Lake District	as needed
	far as scheduling, costs & maintenance.		

	10. Increase the Clean Boats, Clean Waters volunteers in numbers and hours by	Jordan Lake District	2016
	10% of the previous year's total.		
		Page 24	
	GOALS and ACTION ITEMS	<u>WHO</u>	WHEN
FISHERY &	Goal A: Maintain fishery habitat & population in Jordan Lake.		
WILDLIFE	Odd A. Maintain honery habitat a population in oblidan Lake.		
MANAGEMENT	Encourage for ongoing fish stocking and habitat increase.	Jordan Lake District	ongoing
	Ask lakefront owners to leave fallen trees tree in lake littoral zone to increase fish habitat.	Jordan Lake District	ongoing
	Request WDNR to conduct an updated fish survey to evaluate fishery.	Jordan Lake District	completed 2006
			2000
	Maintain predator fish population by encouraging catch and release.	Jordan Lake District WDNR	ongoing
	Add 3-4 fish cribs to lake each year per DNR permit.	Jordan Lake District WDNR	2016
		VVDIVIC	
	6. Determine feasibility of limited fish stocking by Jordan Lake District.	Jordan Lake District	2016
RECREATIONAL	Goal A: Maintain recreational opportunities while maintaining peace		
MANAGEMENT	and solitude and preserving safety of lake users.		
	Work for buoys to be placed 200' feet from ordinary high water mark at	Jordan Lake District	ongoig
	public boat landing to mark no-wake area. Work with the Town of	Adams Parks, WDNR	
	Jackson to mark critical habitat areas as no-wake areas.	Town of Jackson	
	Request compliance with slow no-wake ordinance and watercraft distance rules	Jordan Lake	ongoing
	by signs, publications and community events.	residents	
	Recreational Management cont'd	Page 25	
			14/11
	GOALS and ACTION ITEMS	WHO	<u>WHEN</u>
	Request Parks Department to provide safe & orderly parking in some areas	Jordan Lake District	ongoing

	at ramp to allow for turn-around and safe entry & exit.	Adams Parks
